Over the last four years I have had the distinct pleasure to personally use, and recommend to many of my mortgage customers and clients, that they secure title insurance from Conestoga Title Insurance Company through its approved attorney, John D. Maida, Esquire and the title agency, Real Estate Service Group. Not only has Mr. Maida saved myself and my clients thousands of dollars, but in every instance his office has provided outstanding service, and when needed, addressed difficult title issues.

In addition to saving money and providing outstanding services, they have also provided the many advantages that only Conestoga offers in Pennsylvania to its customers, such as providing at no additional charge an inflation endorsement that increases coverage to owners by up to 50% when buying their homes.

I am writing to give John D. Maida, Esquire and Real Estate Service Group my highest recommendation. They clearly, along with Conestoga, possess all the, skills, knowledge and attributes necessary to provide title insurance coverage and excellent service. They are very professional and personable; and clearly take pride in doing a good job.

Anyone that has questions about John and Real Estate Service Group is free to call or email me at dmarciniak@pinnaclemortgage.biz.

Best Regards,
David Marciniak
